Additional Specifications Core I.D.: 76mm.

Grain Direction REELS TO BE ON PALLETS.

Price Basis Per 1000kg, CIF Durban.

Packing Reels to be well wrapped and palletized for seafreight. All products packed on raw wooden pallets, entering South Africa, must be treated and marked in accordance with the requirements to ISPM15.

Important The South African Customs Services now require that besides brand names, the description of the product, must appear on all invoices. In addition Customs require the Ex-Works value, inland transport charges to the port of loading and sea freight charges appear on the invoices, so that the correct duties payable are calculated correctly.
